EXPERIENCE

Tehri District Administration Internship

Tehri Garhwal, Uttarakhand

June 2024 – August 2024

Hybrid

- Designed and Developed 'Govolve' portal with a team of 2, to provide government internship and volunteer opportunities to college students.
- Implemented features for university-based student registration, opportunity application, and tracking system.
- Worked closely with government officials to ensure portal compliance with state regulations, resulting in a 95% satisfaction rate from stakeholders.

WIT, Fellowship Program

ColoredCow, Gurgaon

Feb 2022 – Aug, 2022

Remote

- Got selected for 6-month fellowship program focused on MERN Stack development basics.
- Honed logical and programming skills through exercises on Exercism and Leetcode platforms, utilizing C language to solve fundamental coding challenges.
- Collaborated with a team, fostering teamwork and hands-on experience in software development.

PROJECTS

Govolve Portal

MERN Stack, HTML, CSS, JS

- Developed a web-based platform using Scratch to connect college students with internship and volunteer opportunities offered by the Uttarakhand government.
- Implemented features for student registration, opportunity posting, application tracking, and shortlisting, streamlining the internship process.
- Contributed to enhancing community engagement and skill development among students through the platform.

ACHIEVEMENTS

- Led a team that secured a position in the top 20 of the six-month National Entrepreneurship Challenge, organized by E-Cell, IIT Bombay.
- Student Coordinator of Entrepreneurship Cell, THDC-IHET.
- Coordinated and Organised 'TechFest 2024' at THDC-IHET.
- Coordinated and organised 'Aarohan', a sports event organized by 'KHELO INDIA' to empower women in sports.
